25X1

1. We have received a second invitation for you to visit the US Army Command and General Staff College, Ft. Leavenworth, Kansas, to speak to a selected group (about 100) of students and faculty. You were unable to accept the previous invitation extended last December.

2. The visit would include briefings on the College and on current US Army doctrinal issues if you desire. You would be asked to speak for 30-45 minutes shortly before supper. Following that, you would join a smaller group for the evening meal and continued discussions. If it were possible for you to arrive in time for lunch, you might enjoy joining some of the foreign students at that time and making a few remarks to them.

3. The College is flexible on dates. At present the following are open:

22 and 29 November;

13 December;

3, 24, and 31 January 1984.

4. The topic of your talk is your choice. Some possibilities are:

-- The threat in Central America.

-- A substantive review of the global situation.

-- Your concept of the role of the DCI and the CIA in Federal Government.

-- National intelligence support to theater commanders.

5. Your appearance at Ft. Leavenworth would signify your continuing interest in support for the military services. The group to which you would be speaking would be composed dominantly of career officers about to enter important mid-career positions on high level staffs. I recommend that you accept the invitation.
